PROPEL BULLETIN – RE: IE7 and Vista Compatibility

Propel Accelerator IS compatible with Internet Explorer 7 and Windows Vista. Acceleration works properly and there are no known crashes or system hangs caused by Propel Accelerator in these environments.

The Propel Network Team is aware, however, of some minor issues when using Propel with IE7, and of some non-Propel issues that are sometimes encountered when upgrading from IE6 to IE7. The detailed information is available at <http://www.kdsi.net/services/propel.html>

KIDS & THE INTERNET

Acronyms every parent should know

One thing you can do to keep your kids safe in cyberspace is to learn as much as possible about the acronyms used in chat rooms, e-mails, and text messaging. Some of the most common one are:

PAW Parents are watching
PAL Parents are listening
POS Parents are over the shoulder
PIR Parents are in the room
P911 Parent alert
ASL Age-sex-location
MorF Male or Female
KFY Kiss for you
WYCM ... Will you call me
LMIRLLet's meet in real life
SYT See you tonight
